WORK EXPERIENCE

Full Stack Web Developer, BoomUpp

April 2023 – Present

- Develop and maintain full-stack web applications utilizing modern frameworks and technologies such as Quasar, Laravel, and MySQL.
- Design and implement components and user interfaces (UI) using Quasar.
- Handle APIs to provide communication between the front-end and back-end, ensuring data accuracy and consistency.

IT Instructor, Forbes College

April 2022 – Present

- Employ a variety of teaching methods, including lectures, hands-on activities, and project-based learning, to engage and inspire students to learn.
- Teach Programming subjects to freshmen to third-year students, with a primary focus on Java as the programming language
- Teach web development subjects such as HTML, CSS, JavaScript, PHP, and SQL, guiding students through the creation of responsive and dynamic web applications.
